

# The new Casablanca S-4100

More power, better workflow

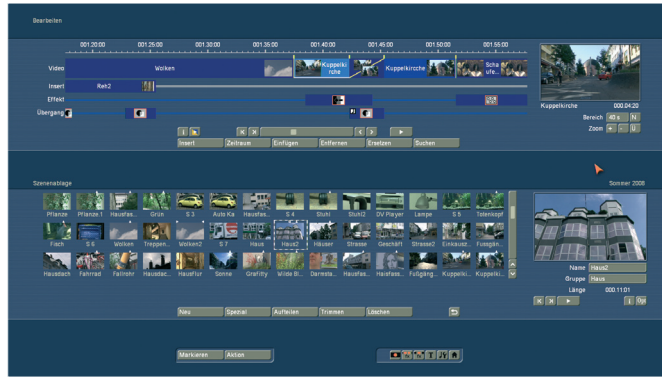

The Casablanca S-4100 is the successor of the Casablanca S-4000 (Pro). Impressive performance data makes the new Casablanca flagship the ideal tool for demanding editors. The highlights include:

- Even more speed thanks to the new main board and powerful Core 2 Duo processor
- Big RAM reserve and huge hard-drive capacity
- Future-orientated video hardware incl. DVI/HDMI output (HDMI via adapter) and highly integrated NEXPERIA multimedia chipset
- Compatible with analogue, DV, HDV and AVCHD video footage
- Direct display of HD footage during the editing process (cutting, trimming, splitting, ...)
- Flexible output of the finished video to SD or HD standards in various resolutions
- 18-speed double layer DVD burner or optional Blu-ray burner
- Single-monitor or dual-monitor operation possible - TV output to either DVI/HDMI or SCART
- Front connections (DV, S-video, CVBS, stereo audio, USB)
- A wide range of connections found on the back (DVI-I, Scart, DV, S-video, CVBS, stereo audio, microphone, network, USB - partially multiple connections or separate for in and outputs)
- Software included: Bogart SE 2 system software including Media Manager, DVD Arabesk 4, Power Key option, 3D Shapes Professional

Import TrueType fonts

Classic Storyboard presentation or new Timeline mode? It's your choice

Easy to use: Trimming video scenes

Import AVCHD footage
